Panel Discussion: Do the geopolitical developments change the industry? Perspectives from companies

Dr Joachim Schönbeck

President and CEO

Andritz

Austria

Biography

Joachim Schönbeck has been President and CEO of the ANDRITZ GROUP since 2022. He studied mechanical engineering at the RWTH Aachen and at the Massachusetts Institute of Technology and received his doctorate from the Technical University of Berlin in 1992. He then held several management positions in Mannesmann and, after the acquisition of ATEC, at Siemens. In 2004, he became President and CEO of SMS Meer and Member of the Management Board of SMS Holding. There, he assumed the role of Spokesman in 2013. In 2014, Schönbeck joined ANDRITZ as Member of the Executive Board.

Company Profile

International technology group ANDRITZ offers a broad portfolio of innovative plants, equipment, systems, services and digital solutions for a wide range of industries and end markets. ANDRITZ is a global market leader in all four of its business areas – Pulp & Paper, Metals, Hydropower, and Environment & Energy. Decarbonization, digitalization and customer services are the cornerstones of the group's strategy, which is focused on long-term profitable growth. The group's technologies and services are at the forefront of the green transition, contributing to a more sustainable future. Since its foundation more than 170 years ago, ANDRITZ has developed into a Group with a revenue of €8,7 billion, 30,000 employees, and more than 280 locations in over 80 countries worldwide.
